Creating a sustainable business project:

Group 4

Task 1:

In your group choose who will be responsible for:

1. Managing the group (1 person, no smartphone)
2. Managing the time (1 person, no smartphone)
3. Writing (1 person with a nice handwriting, no smartphone)
4. Looking for information (3 people, with smartphones).

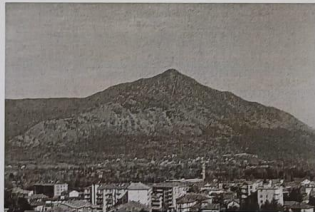

Task 2:

Choose a name for your group: _____

Choose a motto: _____

Task 3:

The municipality of Caselette wants to give a contract to create hiking paths on the Musiné mountain, near Turin. The paths should also have other services: areas for picnics, for sports, for recreation, without forgetting nature and animals.

Starting from the situation you have been assigned, create a business project that answers to these questions:

1. Which is your general idea?
2. Is your idea economically sustainable? How much money do you need (more or less)? Where are you planning to take the money from (loans, government funds, EU funds, private sponsors, private capital, other)?
3. Is your idea environmentally sustainable? Will it use energy or natural resources? Will it produce pollution or trash? Do you plan to compensate for it? Will it have positive effects on the environment, locally or globally?
